STEPS ON RESERVING A SINGLE SHELL, FOR INDIVIDUAL USE, USING ICREW.
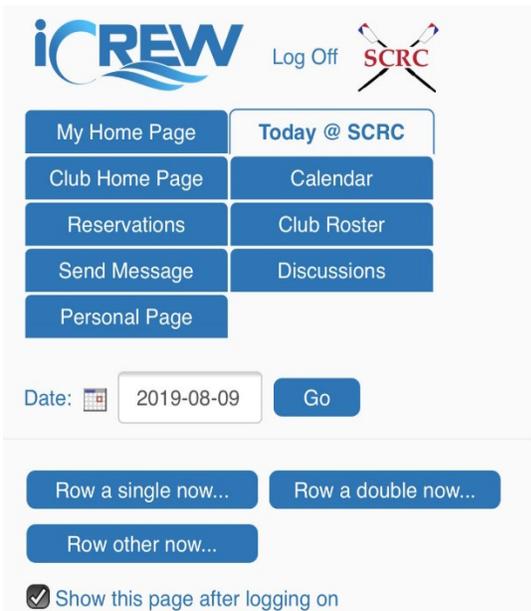

Login to your iCrew account and go to the 'Today @ SCRC' tab.

If you want to reserve a boat immediately just select **'Row a single now…'.**
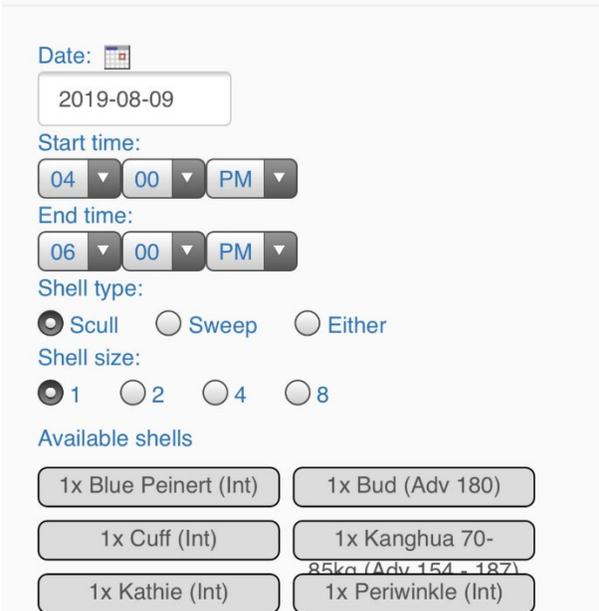

The default time limit is 2 hours.

When you've selected **'Row a single now…'** the app defaults to selecting Shell type: Scull and Shell size: 1.

Scroll down and choose the boat you want to use and the oars.

Note: You can also go through these steps to reserve a boat for later in the day… or change the date field to reserve one for another day… this example just represents what some of us do at 5-ish am when we are rowing.
