

**FALL BOAT MOVE - END OF SEASON 2022
SUNDAY, NOVEMBER 13, 2022
9:00 AM**

Reminder on Sunday's Boat Move (subject line in the last email incorrectly stated Saturday). All personal items (clothing, backpacks, water bottles) must be removed from the site. Anything left behind will be thrown out or donated.

The SCRC Year-End boat move will take place on Sunday, November 13th at 9 AM. Please mark your calendars.

This is an **ALL HANDS ON DECK** activity. The more of us that participate, the less time the move will take. Bring your wrenches. We will derig all boats and load them on the trailers, which will be taken to winter storage. We will break down the site (mark rack locations, secure racks, pickup trash).

This is not a small endeavor. Nonetheless, the move should take less than two hours.

Attention Private Boat Owners: Boats must be removed from the site before November 13th.

If you have any questions, please email our Boat Captain, Dave Gallagher, at dave@harvestfrc.com
